Activity Shown in Early Tradin, But Dullness Follows

NEW YORK. June 26.-Checking abruptly the liquidation that yesterday carried the local stock market down sharply, price levels rose this morning and during the first hour of trading advances of more than a point were recorded in several of the most active of the railroad issues. Later, however, there was a recession which at noon, when the trading became dull, left the gains ranging up from small fractions to % of a point.

While there was still some talk that the troubles of the H. B. Claffin Company, yesterday placed in the hands of receivers, might cause further disturbances in the commercial world, this fear was not reflected in the stock market. The naming of C. N. Bliss as presi dent of the Associated Merchants' Company and the United Dry Goods Company, coupled with the high regard with which the heads of the Claffin Company are held in both the financial and commercial world, had allayed uneasiness in large measure. It was re-

ported that before Mr. Bliss accepted

the presidency of the two large companies he had been pledged financial support which assured the success of those institutions.

Lehigh Valley, selling ex dividend 2½ per cent today, was one of the weakest spots in the market during the morning, shading off 1½ points. Illinois Central was also down a full point. American Sugar was one of the strong-American Sugar was one of the strong-
